

# DIY BIRD FEEDER

## YOU WILL NEED

- A shallow bowl filled with birdseed (or pumpkin seeds from last week!)
- Peanut butter or other nut butter
- Stale grainy bread
- String, twist tie or wire

## STEP 1

### THREAD

Leave the bread out to dry completely. Then, punch a small hole in the top of the slice of bread and thread string (or a wire or twist tie) through.

### SPREAD

Spread sticky nut butter on both sides!

## STEP 2

## STEP 3

### COAT

Douse each side in birdseed, get as much seed on the bread as possible!

### HANG

Attach your bird feeder to something sturdy and watch the birds swoop in for breakfast!

## STEP 4
